## **DETAILED ACTION**

### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

With regard to the rejections involving the combination of Edholm/Appelgate references, the examiner agrees that there is not sufficient evidence presented within these references to provide a sufficient motivation to combine them together to meet the limitations of applicants claimed invention. With regard to the Duke/Appelgate (the examiners preferred combination), the examiner believes that there is not sufficient motivation to provide port address translation at the intermediary device 210 in Duke.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
